There s the missing orphan mystery, there s Blandine s relationship with her fiance and her relationship with Drummond (the English spy), there s the trading aspect of Blandine s life and the day-to-day life in the settlement, then there s the life and times of the orphan children .

Suspects abound, including the governor s wealthy nephew, a green-eyed aristocrat with decadent tastes; an Algonquin trapper who may be possessed by a demon that turns people into cannibals; and the colony s own corrupt and conflicted orphanmaster.

Between them the barrier was just as high, just as broad, and just as firm as if in Clare did not run that strain of black blood.
