There's the missing orphan mystery, there's Blandine's relationship with her fiance and her relationship with Drummond (the English spy), there's the trading aspect of Blandine's life and the day-to-day life in the settlement, then there's the life and times of the orphan children.

\*drool\* If you can get past the fairly brutal start (and I'm not even particularly squeamish), you've got a lot in store for you.

You know the drill: Open the book that you're reading to a random page Share two teaser sentences from somewhere on that page Don't be a jerk: NO SPOILERS! Be sure to include the title & author.
